The Honorable Magalie Roman Salas
Office of the Secretary
Federal Communications Commission
445 12th Street, S.W.-Portals
Washington, D.C. 20554

WC DOCKET NO. 02-189

Dear Ms. Salas,

On behalf of Leadville Research & Development Corp., I am writing to you to express full support for Qwest's application to re-enter the long distance business in Colorado. We believe increased competition will provide our company and others in the community with broader choices, lower prices, better service and exciting new products and services.

As the operator of a rock quarry in Lake County, Colorado, we believe increased long distance competition will also generate increased investment in Colorado and further enhance an already favorable business climate for every community in the state. Increased competition will strengthen our local ability to recruit new economic development prospects, expand existing businesses and create new jobs. Competitive long distance telecommunications services are essential to the economic success of our community and the prosperity of the entire state of Colorado.

We understand that consumers in some other states where the Federal Communications Commission has approved increased long distance competition, including New York, Texas, Massachusetts, Oklahoma and Kansas, are experiencing the benefits and lower prices from the entry of the state's local phone company. We are anxious for Colorado consumers to enjoy the same positive benefits when Qwest is allowed to compete for long distance services.

We are aware that the Colorado's Public Utilities Commission has worked diligently for the past two and one-half years to ensure that Qwest has complied with all of the requirements of the Telecommunications Act of 1996, enabling their entry into the long distance market. We also understand that extensive testing by an impartial party was performed to verify that Qwest's network is fair and open to all long distance service providers.

Therefore, we urge the Federal Communications Commission to act quickly on Qwest's

application in Colorado and approve the company's re-entry in the long distance business. This will insure that the positive benefits of full competition can soon be realized by all the citizens in the state.

Thank you for your careful consideration of this request. If you have any questions, please call me at (719) 486-1244.

Yours sincerely,
